Success Stories

Tailoring, ARTC

I am Divya. I am 23 years old. We are five members in my family. I belong to a lower middle class family. My father's income is not sufficient, due to which my family faces a lot of problems. My father and mother motivated and supported me to fulfil my dreams. I got to know about ASRA from my neighbour. They told me that ASRA provides so many vocational courses in reasonable fee compare to other institutes. After that, I went to ASRA and got admitted to stitching and fashion designing course. I have learnt a lot of things from these courses. My teachers also help me and support me every time during and after my course. After learning Fashion Designing course from ASRA, I started practicing at my home for sometimes. After that I got to know about my abilities and also I got appointed as a teacher of Fashion Designing in ASRA because staff at ASRA recognized and believed in my abilities. This job of teacher has helped me a lot in my life and has also made me independent, so that I can help my family and support them financially. I never thought that, I could achieve this good in my life. But ASRA made it possible and made my life successful and wonderful. Thank you so much ASRA.

—Ms. Divya Gaur

CBR-Sponsorship

Mayank-a hearing impaired beneficiary of ASRA

I am Rekha. I live in Dwarka sector-16 community along with 5 members. My son's name is Mayank. He is 10 years old and having Speech and Hearing impairment. My husband has a small petty shop and we are financially weak. We came in contact with ASRA some time back through Ms. Rizwana Haider (Rehab worker). It provided us with economic assistance (Sponsorship) and got Mayank enrolled in Brahmshtakti Special School. It has been three years that Mayank has been studying in this school. Along with the academics, he also participates in extra-curricular activities. He received various accolades for participating in various games and sports. Today all the achievements of Mayank are to be credited to ASRA. We are ecstatic as disability of our son has not impeded his growth and development massively. We hope that he grows and achieves heights in the future.

—Mrs. Rekha, Mother of Mayank

e. CBR: Sponsorship Program

It is seen that disabled children in slums are seldom respected, admired and accepted. ASRA took an initiative to promote the education of orthopedically challenged & mentally retarded children at their post primary level. The target children are selected from ASRA’s adopted slum communities. Survey and counseling of parents is regularly done. This is an ongoing successful project running since August 2010.

A sponsored CwD namely Pragti from Rama Park

Total **207** Children with Disabilities (CwDs) have been **sponsored** under this program till date. They also received physiotherapy, Occupational Therapy, special education, non-formal education, remedial education etc.

During the Quarter under report, **88 children with disabilities** were provided with Sponsorship covering their tuition fee, uniform, stationery, transport charges, paramedical services etc. on monthly basis.

f. CBR: Vocational Training:

Vocational Training / Skill Development in Tailoring, Beauty Culture, Computer courses and Mobile Repairing Training programs are being run in adopted slum communities. The training has empowered girls/ women and young boys to earn their livelihood. Those who have completed their training, are now able to supplement their family income by taking jobs and order work from their community members.

SEED LOAN

Dr. Andreas Hunerwadel-President AFS, Mr. Rene Bodmer-Board Member of AFS with Seed Loan beneficiary namely Mr. Pappu at Uttam Nagar (Bus Stand)

The purpose of this program is to promote financial independence and help disabled persons living in slums to earn their livelihood and improve their quality of life. Seed loan is given exclusively to the disabled beneficiaries of ASRA who are needy and want to be self-reliant. With the help of Seed Loan, either they purchase additional material for their respective enterprise or start a new enterprise which helps them to increase their monthly income. **The total number of beneficiaries under Seed Loan program is 116.**
