## SUCCESS STORY

### Physiotherapy ARTC

### Beauty Culture ARTC

My name is Shabnam. I am 34 years old & graduate from Delhi University. I would like to tell you something about me. I was simple housewife & wanted to do something in future to go ahead. I was interested in beautician line. For the same, I searched many institutes nearby my house but unfortunately due to their high fee, I did not get admission. Then I came to know about ASRA from one of my neighbour girl who is a person with disability namely, Anjali Bist. She was doing Beauty Culture Course from ASRA. I visited ASRA for admission & got enrolled for beauty culture course. My teacher taught me very nicely, solved my each query regarding course with hardwork. Now when I have completed five months of my course, I am able to pay my fee by own as on occasions of festivals like Rakshabandhan, Karwachauth, I applied hand heena on customers' hand who live near my house & earned money which empower my self confidence. I earned approximately Rs.4000/- in these two festivals. My family also praised me. I am thankful to ASRA & my teacher who taught this brilliant course in very nominal fees. I want to open my own parlour after completion of this course.

Thank you ASRA

Shabnam, Age-34 years

This success story is narrated in Hindi by the beneficiary & translated in English.

## MEDICAL INTERVENTION & THERAPEUTIC SERVICES AT ASRA HEAD OFFICE AND CBR

- a. **ASSESSMENT CLINIC:** A person with disability always requires more care and attention so that he/she is able to cope up with his or her condition. Each person who required treatment comes to the Assessment Clinic first. Clinical assessment to use to promote and enhance patient's wellbeing by accomplishing effective solution to the problems they are facing.

Assessment clinic includes **Senior Orthopedic Surgeon who visits ASRA once a week since May 2022 and a team of experts / professionals comprising of Senior Physiotherapist & her team, Senior Occupational Therapist & her team, Speech Therapist, Special Educators and Prosthetic & Orthotic Engineer.** After a thorough assessment is made, the patient is evaluated for specific treatment with specified duration and referred to the concerned departments of ARTC and other Hospitals and Rehab Centers for the needful. **Patients are visiting ARTC both from the surrounding areas and adopted communities.**
